PRESIDENT'S WELCOME

Welcome to the 2025 Parkes Show.

The committee is excited to once again have the Duck Races back at the Parkes Show, along with Airtime FMX who will include a new segment as part of their entertainment this year. We have lots of great entertainment planned with some new ones in attendance. Along with our regular entertainment that attendees can participate in again this year. The Young Farmer Challenge, Dog Jumping, Ute Barrel Race, and

Demolition Derby. I look forward to seeing who will take home the win for each event.

A special mention goes to our major sponsors Evolution Mining Northparkes Operations and McPhersons Parts & Service. All of our sponsors are an integral part of making sure the Parkes Show goes ahead, and I thank you for your continued support.

The official opening on Tuesday at 3pm will see the announcement of the 2025 Rural Ambassador, Teenager, and Ray White Rural Young Woman winners. I would like to thank this year's entrants for putting themselves out there to represent the Parkes Show Society within the community. Good luck to last year's winners Jessica Kinsela, Sophie Glasson, and Madeline Swan and all the best for your future endeavours.

A lot goes on behind the scenes by the committee to make this event happen. Thank you to everyone that volunteers their time by attending meetings, working bees, setting up for the Show, volunteering throughout, and then packing up after the Show. Just like with any event, the Show would not be possible without all the amazing volunteers.

A highlight of the Parkes Show for me each year is stopping by the pavilions and seeing how much time and effort the community has put into their Show entries. I look forward to seeing each section full to capacity this year.

It was saddening that we recently had the passing of Life Member Peter McIntyre. Peter was an integral part of the committee for over fifty years, helping across many sections and even holding the position of Secretary from 1985 to 2004. In honour of Peter, the committee has created a new award- Peter McIntyre Memorial Most Successful Young Judge, a section that Peter was passionate about. Peter has been greatly missed as we organise our first Show without him.

This is my last Show as President for the Parkes P. A. & H. Association. I have thoroughly enjoyed my three years in the position and I look forward to handing the reigns over to our new President early next year.

I hope that all attendees to the Parkes Show thoroughly enjoy themselves at "The Greatest Show West of the Blue Mountains".

Cynara Jones, President

Jam making—useful hint. Warm the sugar a little before adding to fruit. This prevents lowering of the temperature and consequent overcooking the jam.

When sugar is dissolved, but not before, boil briskly and stir gently until jam is ready to set. Overboiling leads to darkening of colour and spoiling of natural fruit flavour

Useful Tips for entrants:

Read the schedule carefully and prepare your exhibit according to the schedule. An important tip is the time of picking, do not allow them to over mature in aiming to go for size.

Density and richness of colour are the number one judging points, with size next, separating otherwise equal exhibits. Most vegetables are best picked on the day of judging to ensure that crisp, extra fresh look and touch.

Collection of the one fruit or vegetable should be even in size and shape, choose your selection as close to the one size as possible—a small sample of the same size will score better than a lot of uneven produce.

Heads, such as cabbage and lettuce, must be dense and firm-hearted and cauliflowers should be white and with no spread in the florets.

Root vegetables must be crisp and bright with no wood in the centre.

Peas & beans must be very young and crisp, they should be a bright green and have a denseness of colour.

Rhubarb should also be crisp with no sponginess or porosity in the stalks.

Citrus Fruit– do not be surprised by seeing a smaller exhibit win– the main judging points are after the fruit is cut– the juiciness and skin depth.

Externally the fruit (citrus) should be smooth skinned and blemish free and again your sample should be even sized, perfectly round and bright coloured.

The Australian Dried Fruits Association State Rich Fruit Cake Competition Recipe

250g (8oz) sultanas

250g (8oz) chopped raisins

250g (8oz) currants

125g (4oz) chopped mixed peel

90g (3oz) chopped red glace cherries

90g (3oz) chopped blanched almonds

1/3 cup sherry or brandy

250g (8oz) plain flour

60g (2oz) self raising flour

¼ teaspoon grated nutmeg

½ teaspoon ground ginger

½ teaspoon ground cloves

250g (8oz) butter

250g (8oz) soft brown sugar

½ teaspoon lemon essence or finely grated lemon rind

½ teaspoon almond essence

½ teaspoon vanilla essence

4 large eggs

Method: Mix together all the fruits and nuts and sprinkle with the sherry or brandy. Cover and leave for at least 1 hour, but preferably overnight. Sift together the flour and spices. Cream together the butter and sugar with the essences. Add the eggs

one at a time, beating well after each addition, then alternately add the fruit and flour mixtures. Mix thoroughly. The mixture should be stiff enough to support a wooden spoon. Place the mixture into a prepared tin no larger than 20cm (8") and bake in a slow oven approximately 3 ¹/₂ – 4 hours. Allow the cake to cool in the tin.

Note: To ensure uniformity and depending upon the size, it is suggested the raisins be snipped into 2-3 pieces, cherries into 4-6 pieces and almonds crosswise into 3-4 pieces.

Judge Note: the height of the cake should not exceed 5.7cm (57mm).

Winner at Parkes is eligible to enter the zone judging at Forbes in February, 2026

Some handy hints for Cooking—Read the Schedule

The main judging points observed are: the overall appearance, the cut cake, the smell and the taste.

- **Overall appearance:** Above all the exhibit must look delicious – after all a vital aspect is edibility. To be a “top” exhibit it should look perfect.
- The size of the mix must match the tin size, e.g. a minimum of two inches thick (5cm) for butter cakes.
- Wire rack marks on a cake do not enhance its appearance.
- Ensure the cake cooks flat on top by concaving the centre before cooking. The cake may taste delicious but could fail on appearance.
- Greasing / lining / flouring of the tin is crucial to the look of the cake which must be exhibited as it comes out of the tin, untrimmed.
- If iced (and do not ice unless it is specified in schedule) then make it a neat even thickness, with no drips down the sides).
- Small cakes, biscuits and slices should be dainty – a common fault is making them too large especially lamingtons and slices. All biscuits should snap when broken.
- **The Cut Cake** - Judging includes how it cuts. Points to consider: Texture – this should be fine, even and consistent throughout with no air bubbles.
- Cakes with fruit & nuts won't cut easily if the pieces are too large – cut your dates, nuts etc small and evenly.
- Fruit cakes won't look even throughout if the fruit sinks to the bottom during their long cooking time. Fruit must be totally dry when added to the mixture even if it has been soaked. Dry and coat with flour (use fruit from the recipe, not any extra).
- Colour intensity must be matched in marble and rainbow cakes. If the chocolate is dark the pink should be dark – if you use a pale delicate pink, then the chocolate should also be light.
- **Smell & Taste** - Taste is the main decider in the judges books.
- An extra point for sponges is the sponginess, another sponge point – sandwich thinly with jam or mock cream where stated.
